EXPERIENCE.

UI/UX & BRAND DESIGNER

Endres Studios / Remote / Jul 2019 - Present

Designing and developing the user experience from end to end. Creating a branded website design for a multifaceted creative individual. Created brand identity with supporting documents and signage.

UI/UX DESIGNER

A-VIBE / Portland, OR / May 2018 - Dec 2019

Created websites from research to low-fidelity wireframes through high-fidelity user-centered designs to front-end development. Maker of all things, including websites, trade show displays, holiday cards, branded apparel, logos, and more. Worked on data-driven, marketing and internal websites across industries including government, transportation, agriculture, fashion, and E-commerce.

UI/UX DESIGNER

MNG Health / Bensalem, PA / Aug 2016 - Feb 2018

Designed the UI/UX for a new platform focused on the education of healthcare providers. Participated in a hackathon-like event to jump-start the development of Interactive Media Hub. Deconstructed and sized corporate website redesign and launch with a focus on MVP and MMP. Designed and implemented all CSS for a proprietary email marketing platform.

GRAPHIC DESIGNER

PBG / Portland, OR / Jan 2020 - Present

Portland Botanical Gardens (PBG) is a startup non-profit planning to create a public garden in the city of Portland, Oregon. Created PDFs that easily communicated the business plan to potential donors. Created business cards for the founding team.
